

UniFirst Self-Manufacturing

We produce the majority of our rental garments and floorcare products ensuring your needs will always be met.

- Four manufacturing plants produce millions of clothing and floorcare items each year.
- Proprietary garment products include industrial shirts and pants, coveralls, jackets, dress shirts and slacks, specialized flame resistant clothing, and more.
- Proprietary floorcare products include decorative carpet-top mats, scraper entrance mats, anti-fatigue mats, "wet area" mats, dry and wet mops.
- Latest technology and equipment allow for production of custom orders and quick turnaround times.

All garment manufacturing operations are certified ISO 9001:2000 to ensure quality.
