

# The Val-U-Lease Option

Uniform buyers have experienced out-of-pocket savings of up to 20% annually by switching to Val-U-Lease.

## Why buy when you can lease?

UniFirst's Val-U-Lease program lets you trade-in your ever increasing clothing investment for a low weekly expense. And you are only charged for workers actually "in uniform." Idle clothing costs can be a thing of the past. Val-U-Lease outfits your employees in top-quality, stylish uniforms of your choice... complete with custom company emblems. Employees take care of laundering, but we take care of everything else.

### Val-U-Lease Program Includes:

- Full program management
- Professional on-site analysis of garment needs
- Regular garment mending as required
- Individual measurement of employees to ensure proper fit and comfort
- Automatic replacement of worn or damaged garments
